# ART EXHIBITION

Enduring Care

A newly completed painting by one of our clients beautifully captures a serene scene featuring birds in vibrant shades of green, blue, and soft pinks, surrounded by delicate flowers. The bold colors and fluid composition create a sense of movement and harmony, drawing the viewer's eye across the piece. The birds appear to be in mid-flight, adding a sense of freedom and lightness to the overall design. This artwork brings a refreshing burst of color and life, making it a stunning addition to any space.

# HAPPY Birthday

The client celebrated her birthday with a special cake featuring her favorite color. She enjoyed a lunch at the City Golf Club as part of her celebration, where she spent time with friends and family. The meal was a highlight of the day, and the venue offered a pleasant setting for the occasion.

The background of the poster is a light sage green. It is decorated with various art supplies in a flat, illustrative style. In the top left is a watercolor palette with wells of yellow, red, blue, and black paint. To its right is a paintbrush with a dark handle and a yellow tip. Further right are three tubes of paint: yellow, red, and blue, each with a pattern of small white dots. Below these are more brushes, including a fan brush and a traditional paintbrush. In the bottom left, there's a tube of red paint and a brush with yellow paint on its tip. In the bottom right, there's a palette with blobs of yellow, red, and blue paint, and another tube of paint. The central text is surrounded by these illustrations.

# *Gifts from Home*

Our client recently received a thoughtful surprise in the mail from her aunt—a set of beautiful new picture frames. She was excited to display her favorite memories in the elegant frames, appreciating the kind gesture and the touch of personal style they added to her home.

One of our clients recently had an amazing few days, filled with two unforgettable experiences. She first visited the cinema to watch a highly anticipated movie, fully immersed in the film. Then, on a different day, she attended a tribute concert to ABBA, one of her favorite musical acts. While ABBA themselves didn't perform, the talented tribute band captured the magic of their iconic songs, delivering an incredible performance that left her feeling like she was witnessing the real thing. Both events were a perfect combination of entertainment and nostalgia.

*Music and movies.  
the perfect escape!*
